NOTE: 
Please provide a sketch of your desired brake shape.

INCLUDE CRITICAL NOTES

Estimated Dealer Cost
quote good for 30 days

INSTRUCTIONS / NOTES

Indicate any side marks needed.

Indicate which side you wish to have the finish.

Standard sheet stock size is 4 x 10 feet.

Avoid narrow shapes as they will curl in the shear.

Label your drawing with dimensions on the side of the shape intended to made to length.

Indicate angles in degrees only, and at the angle intended to be bent.

All bends over 135° with white painted material will fracture the paint during bending. Consider bending mill finished material and have custom painted.

Minimum of 3/8" leg required for hem seams.
